# Confirmation Service Reflection

What exactly is the Service Project Reflection?

- The Reflection needs to be at least one page.
- All reflections should be neatly written or typed
- Keep notes after each time your serve on the back of the Service Log.
- Some things to include will be:
  - What did you do?
  - Why did you choose the projects you did?
  - Who benefited from the experience and how?
  - Did you have to prepare for the projects and if so, how?
  - How did this experience impact you?
  - Was it what you expected? How or how not?

## Notes for Service Reflection
